LOCAL NEWS

Taken Up—One blue sow with half crop and underbit right and underbit left ear, short tail. Owner can have same by describing, paying for keep and \$2 for this adv.—Irvin Holcomb, Gordon, Ky.

TO CONTRACTORS — Plans and specifications for the building of an addition to the Cowan schoolhouse can be seen at the County Superintendent's office. Contract will be let July 1.

The funeral of Peggy Dixon and her son, Elijah B. Dixon, the latter killed on the battlefields of France in the late world war, will be preached on fifth Saturday and Sunday in July at the home of Uncle Bill Dixon below Blackey.

FOR SALE—Oakland touring car, 1920 model, good as new; price \$750. Call on or address, W.S. Renaker, Seco, Ky.

When the new car driven by John Shea went over a high embankment Sunday evening above town it was apparently by the merest accident only that he was not crushed in it. However, the car was much the worse for the rough and tumble of it.

Ben Sergent and others motored from Clinton, Tenn., Sunday to Whitesburg and Mr. and Mrs. N. E. Rierson drove into Bluefield, W. Va.

On account of the numerous church services last Sunday at about 11 o'clock the streets were almost entirely depopulated. At one time only two small boys could be seen playing on the sidewalk. Big audiences were at the two preaching places at Sandlick and the churches in town were well attended.

Taken Up—One bay mare about 7 years, 2 white hind feet and star in forehead. Owner can have her by describing, paying for keep and \$2.00 for this adv.

Mare is at my home on Pert Creek, Ed Polly Whitesburg Ky.

G. Carew Smith, Hindman business man, came over thru the upper coal fields and dropped down to see a live town, Whitesburg, and look over some of our good roads. Aside from this he seemed to have no other special business.

For the fifteenth time Mr. and Mrs. W.M. Williams of this place were made happy Monday when another little girl arrived at their home. Seven girls and seven boys are living now, only three of whom are married.

Mr. and Mrs. Monroe Frazier are rejoicing over the arrival of a beautiful little girl at their

home. At present writing there appears to be only a shadow of a chance for the recovery of Monroe.

The Teacher Training School is progressing nicely with increased attendance.

At the recent teachers' examination held here almost a third of the applicants failed to secure certificates.

J. B. Mullins left for the big wholesale markets this week to buy goods for the firm of Mullins & Fairchild.

The tin can musical prodigy that has excited so much interest in other sections of the country, is here this week entertaining the musically inclined. Only ordinary peach or apple cans cut in the ordinary way with the four cut points bent up are used. On these points, using two cans or single octaves, he plays in perfect harmony any pieces or tunes played by other instruments.

Automobiles are great conveniences when carefully driven and kept under restraint, but when not we can scarcely imagine how fraught with danger they are. Already the list of those killed by automobiles in Kentucky this year has exceeded those killed on and by running trains. Reckless auto drivers and reckless engineers and even reckless riders should be cautioned before innocent lives are snuffed out—sometimes in a jiffy.

Owing to the fact that other graduates of the High School failed to furnish us with copy of addresses we are leaving off this feature of the Eagle. It seems that there is little interest taken.

Miss Mary Adams, the young daughter of Drew Adams, and Hugh Foster, a hustling young man, were married by Rev. J. R. Parker at Fleming a few days ago. The bride is well known and has many relatives here and in the county.

J.L. Hays, law student in Kentucky University, returned to his home here. He will graduate next year. "El," as he is best known by his many friends, is one of our brightest young men and no doubt a brilliant career is in store for him.

Roy Lewis, after visiting relatives and friends in Rockcastle and Laurel counties, returned to his home here.

Deputy Circuit Clerk Fitzhugh Pendleton returned from a few days visit with his sister, Mrs. Myrtle Harold, at Kegley, W. Va.

An entire store, one of the best

and neatest and most up to date in town, is to be sold out root and branch next week and at prices that will almost take the breath of the buying public. Watch the Eagle and be ready for the racket.

Dr. and Mrs. P. E. Sloan, of Seco, were pleasant Whitesburg visitors Tuesday evening. Dr. Sloan is the dentist of Seco, and is making himself quite popular with those good people.

It was high class bunch of medicos, gentlemen of brain muscle and will, which met in the Letcher County Medical Association here this week. Every practicing physician in the County should have been present. It is hoped all will be at its next meeting in July at Fleming.

The base line for the big high-powered electric line is now surveyed to Sergeant. Construction work on the line is being rushed and it is predicted will be completed to our town by Sept. 1 to 15 and to Sergeant by first of the year. From Dalna to Sergeant the line will be about fifteen miles with only a few angles. When the line is constructed and in operation it will be a great convenience for all who live any close enough to be served by its power.

Miss Dana Salling, seventeen year old daughter of our sister, Mrs. H. W. Salling, of Gate City Va., and Miss Mary Franklin, daughter of our other sister, Mrs. Wilson Franklin, of Colly, were the pleasant visitors at the home of ye editor this week.

For Sale to Highest and Best Bidder

On first Monday in July, 1922, we will offer for sale to the highest and best bidder at the Court-house door in Whitesburg the following:

One nice residence and lot situated on First street in Whitesburg adjoining the new brick residence of Dr. Bach. House contains eight rooms and will be furnished with running water, both hot and cold. Ideal location for a home and one of the few that can now be bought in town. Also one electric light plant consisting of large gasoline engine, 10 generators and switch-board. All will be offered for cash in hand and then on terms. Right to reject any and all bids is reserved. COMBS & Back.

Prospects

Never in years have prospects been better for good crops and gardens. For quite awhile the season has been ideal for growing crops. And again we are told that the woods along the dense hillsides and for miles and miles up the creeks are full of mast, enough to fatten thousands of hogs. Persons living on Elk Creek in the lower end of the county inform us that the big beech forests on that creek are loaded with nuts and the same is said to be true all over the county. Also prospects are good for acorns and other mast in the hills and along Pine Mountain. As to whether heavy corn crops are planted we are not informed.

A Letter

Unalaska, Alaska, May 26
Dear Editor—Enclosed is check for another year's subscription to the Eagle. We will be here another year. The mail boat only comes in once a month, so you must know its coming is a great pleasure to us.

Mrs. Day is spending vacation with her parents in New York. I have been appointed Superintendent of schools for this district and shall be occupied for most of the summer inspecting the government schools on the various islands. This work is very interesting, as I shall be able to visit practically all the islands in the Aleutian chain. We were fortunate last fall in being able to visit the Seal or Pribilof islands while traveling on the famous revenue cutter, "Bear." The coast guard cutters co-operate with the Bureau of Education in carrying teachers and supplies to the many schools that are solely dependent on the water transportation.

The Bureau is doing a wonderful service for Alaskan natives. I contemplate spending another year here after which I shall come to Kentucky, perhaps to locate. Eli I. Day

Business Directory

The Coalfield Directory Co. has been organized at Whitesburg to promote the publication of The Coalfield Directory and Business Annual. It will be issued in the form of a booklet of some 24 pages and embrace the names and addresses of all the leading business concerns and professional men from Blackey to McRoberts and Jenkins, including each and every town along the line. The Directory will have a circulation of 10,000 and bear date of August 1922. As an advertising medium it will far surpass anything yet offered and as a business guide and reference it will be accurate, up to date and very valuable. E. B. Gray, of Pennington Gap, Va., and J.H. Shumate, of New York, are at the head of the concern and will at once call on the public to close advertising contracts for space in the Directory. This is a great opportunity to bring your business before the best buying people in the State—the coal miners and other citizens of the real live coalfields of Eastern Kentucky. The Eagle, of course, will do the typographical work on the Directory.

Revival Ends

Sunday night the revival services held at the Missionary Baptist Church by Revs. Tate and Strickling came to an end. It seems to have been a success beyond the expectation of its strongest supporters. On Sunday evening twenty-one persons were inducted into the church by immersion in the Northfork. Quite a large audience witnessed the solemn performances and there was much rejoicing.

Reorganized

Eight of our leading physicians met Tuesday in the office of Dr. B.C. Bach and proceeded to reorganize the Letcher County Medical Society. Dr. Fitzpatrick was chosen temporary chairman and Dr. Bach temporary secretary, and on motion the temporary organization was made permanent. Dr. Pursifull was elected Vice President. The next meeting will be held at Fleming on second Tuesday in July, and Drs. Maggard and Bentley were appointed a committee on entertainment. Hereafter, regular meetings will be held on Tuesday after second Monday in each month. At the Fleming meeting a series of talks will be given along the lines of difficult cases, and all physicians are urged to be present. Those at the meeting here were Drs. B. C. Bach, Jno. D. Fitzpatrick, E. H. Maggard, H. R. Skaggs, B.F. Wright, Owen Pigman, P. Y. Pursifull and D.V. Bentley.

What's the Matter?

Work of all kinds, keeping everybody employed who work, is plentiful and yet those in charge of the handling of our finances tell us that ready money has not been scarcer here in many months. We are told that bank deposits all over the county, in the last month or so have steadily declined and we are puzzled to know the cause. The receipts at the post-office for June will be the smallest for this month in two years, tho' the money order business continues to run up to normal. For some reason or other the money thrown into circulation rapidly finds its way into other channels and floats away to other sections. The people or business men of the mountains must provide means whereby the money can be kept in circulation at home. More industries and more home enterprises would soon do this. We could, but we will not at the present mention a number of things that is picking up a great proportion of the money thrown into circulation around our way.

Look, Great Sacrifice!

FOREMAN SAYS THE WATCHMAN TOLD HIM OF IT

Ashby Gains 20 Pounds Taking Tanlac And Says They Can't Ring The Dinner Bell too Quick to Suit Him —Feels Like A Boy Of Twenty.

"Tanlac helped me gain twenty pounds and made me feel as well as I did when I was a boy of twenty," said W. A. Ashby, 1003 Commerical St., Petersburg, Va., foreman for the Petersburg Trunk and Bag Co. "For three years my stomach was so disordered I couldn't eat a thing, not even milk and eggs, but what caused a heaviness and burning like fire in my stomach. Then my knees and ankles got so swollen up with rheumatism I could hardly hobble around. On top of all this I took the 'flu' and when I got up from that spell I was worse than ever.

"The watchman at the factory got me to taking Tanlac, and now my appetite is so keen they can't ring the dinner too quick. I never have indigestion and the rheumatic pains and the swelling have all gone. will always bless the day I got Tanlac." Tanlac is sold by all good druggist.

MILEAGE

Mileage is the "commodity" one purchases when buying a tire; not mere materials, but the service that certain materials will perform when combined.

Greater mileage is assured in Hydro-Toron tires because processes and principles employed represent the industry's greatest forward steps. The Internal Hydraulic Expansion Process prevents defects from being built into the tire—concealed from sight.

The Toron (no-rot) chemical treatment of fabric gives greater tensile strength, greater holding power between layers, increased affinity for rubber and complete protection against the damaging effects of moisture.

Hydro-Toron tires are oversize—as big as cords, better than cords. Next time you are ready to buy tires, come in and let us show you the tire you have heard so much about.

Dodson Warns Calomel Users

Calomel is quicksilver. It attacks the bones and paralyzes the liver. Your dealer sells each bottle of pleasant, harmless "Dodson's Liver Tonic" under an ironclad, money-back guarantee that it will regulate the liver, stomach and bowels better than calomel, without sickening or salivating. **15 million bottles sold.**

Was Very Weak

"After the birth of my baby I had a back-set," writes Mrs. Mattie Crosswhite, of Glade Spring, Va. "I was very ill; thought I was going to die. I was so weak I couldn't raise my head to get a drink of water. I took . . . medicine, yet I didn't get any better. I was constipated and very weak, getting worse and worse. I sent for Cardui."

TAKE

CARDUI

The Woman's Tonic

"I found after one bottle of Cardui I was improving," adds Mrs. Crosswhite. "Six bottles of Cardui and . . . I was cured, yes, I can say they were a God-send to me. I believe I would have died, had it not been for Cardui." Cardui has been found beneficial in many thousands of other cases of womanly troubles. If you feel the need of a good, strengthening tonic, why not try Cardui? It may be just what you need.

Why Buick Cushions "Ride Easy"

Buick cushions are comfortable on all roads because of their "double-deck" springs and resilient hair pads. The upper springs, which are light and easy-acting, yield to the slightest road irregularity. The lower springs are larger and stiffer. They come into play on rough country roads, carrying the passenger in comfort over bumps which cause the ordinary seat to "strike bottom".

Between the springs and the French-plaited leather upholstery are two thick, yielding pads of interlaced hair which positively prevent "lumping".

In Buick seat cushions, as in every other part of the car, is built the quality which has made Buick cars the standard of comparison.
